Idea to create ambient lighting

A 100% Australian owned company established in 1999 on the Northern Beaches of Sydney, we are a leading provider of innovative, high-quality energy saving lamps, trendy lighting fixtures and related products to all commercial, industrial, residential and utility markets. Since its inception, **CLA** has continuously evolved to keep abreast of the current technology, especially in LED lighting, so that **CLA** can offer the Australian market the latest in national and international lighting trends. **CLA** offers benchmark technology in our diverse range of lighting products including our recent foray into indoor and outdoor decorative lighting, making us a one-stop supplier for all your lighting needs. The product benefits include: longer lamp life, increased light quality, energy and maintenance cost savings, improved lumen maintenance and excellent Colour Rendering. All our products are manufactured to comply with all Australian standards and we are a proud member of the Australian Lighting Council.
